CONECTOR FAST COMPATIBLE

AR-FCSCAPC-FASTCOM

1. Overview

Field assembly water-proof connector AR-FCSCAPC-FASTCOM connect new subscribers to the access network. Easily plug into the pre-terminated optical termination box, no need to open the box to activate new subscribers.

2. Installation Environment

 Indoor/Outdoor

3. Configuration

Cable	3*2mm, 5.2*2mm , 2*1.6mm Fig. 8 Drop Cable
Fiber	SM G657 125um
Coating Diameter	250um
Insertion Loss	Avg. ≤ 0.3dB, Max. ≤ 0.5dB
Return Loss	APC ≥50dB
Repeatability	3 Times
Tensile Strength	≥ 100N
Mechanical Endurance	500 Times
Operation Time	≤3min
Working Temperature	-5℃～+60℃
Protection Grade	IP67

4. Features

- Plug and play, filed assembly, easy for operation and maintenance.
- Embedded fiber stub, pre-polished in factory, high quality matching gel, high performance and reliability.
- Easy to expansion without quality degradation, no need to open the box to activate new subscribers.
- Simple Operation, no need for special tool.
- Resistant to extremely weather condition, temperature change, humidity, salt fog, water-proof and dust-free.
- Suitable for both outdoor and indoor installation.

5. Diameter

Ø19.80

125.50mm
